Power BI
- CISCO - Python Essentials - Virtual Internship.

## TECHNICAL SKILLS

**Programming languages** : Python,HTML,CSS

**Libraries & Frameworks** : Numpy,Pandas,Django,Flask

**Databases** : SQL,MySQL

## PROJECTS / OPEN SOURCE

### DESIGNED A WEB-BASED WEATHER REPORTING PLATFORM

- Developed a user-friendly platform for accessing weather reports using HTML, CSS, and JavaScript.
- Enhanced user experience through intuitive design and responsive features.
- Streamlined access to real-time weather information for users.

### DEVELOPED AN E-COMMERCE WEBSITE

- Created a user-friendly online marketplace tailored for low-profile individuals and wholesale retailers.
- Facilitated direct sales of medical essentials, including masks and sanitizers, achieving over 1,000 customers within the first three months of launch.
- Improved accessibility and convenience for users during a critical time.

### DEVELOPING AN ACTION AND ANOMALY DETECTION APPLICATION

- Utilized Slow-Fast ResNet architecture to identify actions and detect anomalies in real-time from surveillance camera feeds.
- Implemented a notification system to alert relevant departments in the event of incidents, such as fire accidents.
- Enhanced safety measures by enabling prompt responses to potential threats.

## STRENGTHS & INTERESTS

### STRENGTHS

- I have a mix of skills that make me a good team player and collaborator. I communicate clearly, both in writing and speaking, which helps everyone understand each other. I enjoy leading when needed and creating a supportive environment for different ideas. My attention to detail ensures my work is accurate, and I think critically to solve problems creatively. I also respond quickly to challenges and value the connections I make with others.

### INTERESTS

- In my free time, I love reading a wide range of books to learn new things and gain different perspectives. I also enjoy watching movies and analyzing their storytelling. Playing badminton keeps me active and helps me connect with others through teamwork. I'm always eager to learn new skills and explore new ideas whenever I can.
